HASNAIN RAZA

SOFTWARE ENGINEER | WEB DEVELOPER

Address: Karachi, Pakistan

Mobile: +92 317 2922032

Email: hr961992@gmail.com

LinkedIn: linkedIn.com/hasanin-raza

An experienced Software Engineer specializing in MERN stack web development, including advanced frameworks like React JS and Express. Skilled in mentorship and communication, I am self-motivated and confident.

Web technologies:

Front end:

HTML5, CSS3, JavaScript, React, Bootstrap, Tailwind, Redux, Axios, Material-UI, Formik, ReactBootstrap, React Redux, Ant Design, React Hook Form, React Query, Tailwind CSS, Lodash, Redux Persist, CMDK, Plaiceholder, Socket.IO Client, React Router DOM, jQuery.

Back end:

MongoDB, Express, Node.js, Socket.IO, Firebase, Helmet, Passport, Mongoose, Redis, JSON Web Token (JWT), CORS, Morgan, Bcrypt, Joi, Sequelize, Multer, Nodemailer**.**

Programming Skills:

Variables, Functions, Closures, Prototypes, Asynchronous Programming, Event Handling, Error Handling, ES6+ Features, Modules, DOM Manipulation, `this` Context, Memory Management, Regular Expressions

WORK EXPERIENCE:

2024-Present

Full Stack Developer at MarkCoders

Develop and maintain full-stack web applications for a variety of clients, specializing in JavaScript, React, and Node.js. Collaborate remotely with international teams to deliver high-quality software solutions, ensuring client satisfaction and timely project completions.

2022 – 2024

REACT JS DEVELOPER AT NOP COMMERCE

Lead the development of scalable web applications integrating advanced front-end and back-end technologies. Drive innovations in software design and architecture, enhancing system performance and user experience across multiple projects.

2020 – 2022

Front End Developer at PIXACT

Specialized in developing custom React components for e-commerce platforms, focusing on optimizing user interfaces for maximum efficiency and performance. Implemented robust, scalable solutions for online stores, significantly improving their operational workflows and customer engagement.

Overall I designed and implemented responsive web interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and accessibility. Worked closely with UX/UI designers to translate visual concepts into functional online experiences, enhancing user satisfaction and interface usability.

PROJECTS:

- **Linton Communication System**

A comprehensive project management tool designed to streamline team communications and workflow management. This platform enables seamless integration of task assignments, progress tracking, and resource allocation, ensuring efficient project execution across various teams.

- **Sauced App**

A social media platform for culinary enthusiasts, Sauced App allows users to discover, share, and review a wide variety of sauces. Engage with a community passionate about flavors through comments, reviews, and personal taste profiles.

- **Figma Plugin for Design Workflow Recording**

This plugin for Figma enables designers to record and document their workflow directly within the app. It's an essential tool for design teams looking to streamline collaboration, review processes, and maintain comprehensive project logs.

- **Angro E-Commerce Website**

An e-commerce platform tailored for expansive inventory management and user-friendly shopping experiences. Angro facilitates a direct connection between consumers and a wide range of products, enhancing the shopping experience with intuitive navigation and streamlined checkout processes.

- **Whisper Chat App**

A discreet and secure chat application designed for private conversations and confidential communications. Whisper offers end-to-end encryption, ensuring that your chats remain private and secure from external intrusions.

EDUCATION:

Graduation: Federal Urdu University of Engineering, Science and Technology, Karachi.	**3.16 CGPA** (B.S Computer Science)	2020-2024
Intermediate: PECHS Govt. Science College, Karachi.	**61%** (B-Grade) (Pre- Engineering)	2018-2020
Matriculation: Hassan Academy	**78%** (A-Grade) (Science Group)	2016-2018

ACHIEVEMENTS:

- Web and App Development from SMIT.
- Full stack development from Govt of sindh.

LANGUAGES:

English (Proficiency), Hindi, Urdu, Sindhi, Punjabi.
